

PARISH ACCOUNTS – YEAR ENDED 31st AUGUST 2024

	<p>The day-to-day cost of running our cathedral parish in the year was £805 per day or £5,633 per week.</p>
	<p>Each adult attending Sunday Mass donated on average £3.79 per week, which amounted to £2,385 per week in total (only 42% of our day to day running costs).</p> <p>We also received money from things like car park charges, candles, donations, and rent from the diocese.</p>
	<p>On 31st August 2024 we had a bank balance of £169,988, but this is after we had received £137,000 during the year in one off donations from the diocese and from rich parishes.</p>

A recent costing by surveyors of the essential repairs and maintenance required to the building over the next few years indicates the need to spend at least £2 million.
